Peter Leonard, W. A. Phillips. |

DIRECTIONS IN CASE OF FIRE.—Get the key to the nearest station to the fire; open, and pull the hook all the way down once, and let it go. If you hear no sound from the bells or tapper, in the station, pull again. If you fail a second time, go to the next nearest station, and do the same, but do not touch any other, if the nearest one gives the alarm.

No person will give alarms for the same fire (after the first alarm has been given), without an order from the Foreman or Assistant.

Remain at the station, if possible, after giving an alarm, to direct the firemen to the fire.

Never open or touch the apparatus, except in case of fire.

Never sound the alarm for a fire seen at a distance, unless assistance is called for.

PUBLIC SCHOOLS

NATHAN M. WRIGHT, Superintendent.
